

**AMENDMENTS TO THE CLAIMS**

**This listing of claims will replace all prior versions and listings of claims in the application:**

**LISTING OF CLAIMS:**

1. (currently amended): An interlayer for laminated glass,  
which is formed by laminating a plurality of layers comprising an adhesive resin, a heat ray shielding resin layer containing a heat ray shielding fine particle, and a color tone compensation resin layer toned to have a color complementary to the color tone of the heat ray shielding fine particle being laminated, and an ultraviolet absorbing resin layer.
2. (original): The interlayer for laminated glass according to claim 1,  
wherein the adhesive resin is a polyvinyl acetal resin.
3. (canceled).
4. (previously presented): Laminated glass,  
wherein the interlayer for laminated glass according to claim 1 is bonded between transparent glass plates.
5. (canceled).

6. (previously presented): Laminated glass,  
wherein the interlayer for laminated glass according to claim 2 is bonded between  
transparent glass plates.

7. (canceled).

8. (new): The interlayer for laminated glass according to claim 1,  
wherein a heat ray shielding resin layer and a color tone compensation resin layer are  
adjacent to each other.
